

EVOQ DIGITAL DENTAL SOLUTIONS

Implant Supported Prosthesis

Implant Supported Prosthesis

At **EVOQ Digital Dental Solutions**, we specialize in delivering high-precision, esthetically advanced Implant Supported Prosthesis solutions tailored to meet the diverse needs of dental professionals. Whether you're addressing single-tooth restoration or full-arch rehabilitation, our range of [Implant Supported Prosthesis](#) options ensures clinical excellence and patient satisfaction.

✓ Full-Arch Screw/Cement-Retained Prosthesis

This hybrid **Implant Supported Prosthesis** combines the retrievability of a screw-retained design with the natural esthetics of cement-retained options. Ideal for full-arch cases requiring structural strength and visual harmony.

✓ Screw Retained Prosthesis

A popular type of **Implant Supported Prosthesis**, this solution offers reliable retrievability, optimal load distribution, and ease of maintenance. Crafted using advanced CAD/CAM technology, it ensures a precise fit and long-lasting performance.

✓ Cement-Retained Prosthesis

For clinicians seeking esthetically superior results, this type of **Implant Supported Prosthesis** hides access holes and delivers a seamless appearance. It's a top choice when visual appeal and marginal integrity are priorities.

✓ Paulo Malo Prosthesis

Based on the All-on-4® technique, this full-arch **Implant Supported Prosthesis** provides immediate function with just four strategically placed implants. Designed for edentulous patients, it's a fixed, non-removable solution that offers both esthetics and efficiency.

✓ Implant Hybrid Prosthesis

This innovative **Implant Supported Prosthesis** merges the benefits of fixed and removable designs. It's especially useful in cases of significant bone loss, offering durability, functionality, and easier maintenance.

Why EVOQ for Your Implant Supported Prosthesis Needs?

- Precision-engineered CAD/CAM workflows
- Esthetic excellence using premium materials
- Full customization for every **Implant Supported Prosthesis** case
- Experienced technical and clinical support
- Trusted by dental professionals across the country
